Death Announcement

Dr. Kenrick Orrin Evan Barrow, MB BS, FRCP, FRCPE, FACP, MACG

It is with deep regret that the Medical Association of Jamaica (MAJ) announces the death of our esteemed Colleague Dr. K. Orrin Barrow. With his passing, the Caribbean has lost one of its finest sons but our lives have been enriched from having known, worked and interacted with this public health giant.

Dr. Barrow has made significant contribution to the field of medicine in Jamaica, having served as Senior Lecturer in Medicine in the Department of Medicine in the Faculty of Medical Sciences at the University of the West Indies, Mona Campus, Jamaica, and Senior Consultant Physician and Gastroenterologist at the University Hospital of the West Indies. He has spent his entire medical career at the University of the West Indies, (apart from a year at St. Thomas' Hospital, London, in 1968), Dr. Barrow has taught many of us the art and science of medicine.

Dr. Barrow served as President of the Medical Association of Jamaica from 1986 to 1990 and Past Chairman of the Medical Council of Jamaica.

We extend our condolences to Dr. Barrow's family and friends during this difficult time of grief.

Dr. Aggrey Irons
President
Medical Association of Jamaica
